

# Vote Center Worker Post-Election Survey

Thank you for your service in the 2020 election cycle. The November election presented various and sundry challenges, and all of you navigated them with professionalism and poise. Good work to you all! You play a pivotal role in making American democracy work.

As you know, Nevada County had to make several changes to the voting process. The County was required to change five of its eight voting locations, prepare for wildfires and Public Safety Power Shutoffs, and adjust vote center training for an increasingly polarized political environment.

Given all these changes in elections, we want to know more about your experience and provide you with the opportunity to give us feedback. Please respond to this quick survey, which will help us assess how we did. Your answers are confidential and for the County's internal purposes only.

Again, thank you for your service and your commitment to serving the voters of Nevada County. We could not do what we do without all of you!
