

CALIFORNIA ASSOCIATION OF CLERKS & ELECTION OFFICIALS  
2015 New Law Workshop & Seminar  
**\*\*\*ATTENTION ELECTION EXHIBITOR \*\*\***

In an attempt to give you more quality time to reach your target audience, elections officials, we have allocated time on the agenda for you. Thursday, December 10, 3:30pm – 5pm has been set aside for Election Exhibitors to schedule events of their choosing; i.e. user groups, demonstrations, receptions, etc. This would be a valuable way of showcasing your firm. If you wish to participate, contact Becky Wolfe, Hyatt Sales at 916-321-3530 or myself for assistance.

Unfortunately, your planned event cannot be held in the Exhibit area, but a limited number of separate meeting rooms are available. It will still be necessary to tear down your booth Thursday by 5:00 pm, as another function will be using this space in the evening, so please plan your staff accordingly.

Those who know anything about the election profession in California know that it has always been about good election professionals working with good election services companies to make democracy work well for voters at local, state, and national levels. Because of you and your colleagues in the election services industry working with us, we have forged together to make elections operate better at every level. Thank you!
